

Conquer Your Legal Practice KPIs

# Grow Your Legal Practice With a Solid Financial Foundation

The Brigade team is here to help your legal firm grow, with deep understanding of the key issues you may be facing, including those related to compliance and the effective oversight of your financial systems to ensure your cash flow remains fluid.

Brigade's expert proficiency in all legal financial apps such as Clio, Leap and Practice Panther, provides a seamlessly accounting workflow centered on integrating with QuickBooks Online for real time accounting data availability, and efficiency.

## Partnership Distributions: Simplified By Brigade

Trust our experts to provide partnership distribution calculations delivered seamlessly in QuickBooks Online.

If calculating partnership distributions is painful for your firm talk to us at Brigade to learn how we can simplify the process for you by taking care of the complex calculations, making sure that distributions are taken care of in a timely manner.

*"We are thrilled with Brigade and its team. They have been handling all of our accounting needs for the past three years, and they have been doing an excellent job with our operating and trust accounts. They access and keep our information up-to-date in a highly professional, cost-effective and reliable manner."*
